of Mysore, General & Revenue Departments.

SIR,

I have the honor to report that, in connection with the Sanitary Improvements now under progress in a portion of No.III Drainage area of the Mysore City, an estimate for which amounting to Rs.1,89,000/- was sanctioned in Govt.Pro. No.7191-8/M1 89-06-3 of 19-2-1907, the road from the Post Office via Town Magistrate's Court and Mr. Hardakar's house, meeting the Sayaji Rao Road, is now proposed to be widened, as shown in the accompanying plan. This proposal involves the acquisition of three properties at an estimated cost of Rs.3,590/- as reported by the Executive Engineer.

2. Letter No.90 of the 18th March 1908, received from the Executive Engineer, Mysore City Improvements Division copy enclosed for ready reference, explains the necessity for widening the road. The subject was also considered at the Board's meeting held on the 31st ultimo, and a copy of resolution No.X passed thereon is also enclosed for information.

3. I now request sanction to acquire the three properties, meeting the charge thereof for the present

from the available savings of the estimate of Rs.1,89,000/- sanctioned for a portion of No.III Drainage area referred to above.

4. It will be seen in the last column of the estimate amounting to Rs.3,590/- now submitted for sanction as received from the Executive Engineer, that a sum of Rs.1,500/- is put down as the bond amount of each of the two houses bearing plan Nos.9 and 10, while the estimated cost of these two houses amounts to Rs.925 and Rs.1,240 respectively.

5. To save time, a statement of the properties to be published in the Gazette, is appended, and it is requested that it may be kindly ordered to be forwarded to the Compiler, Mysore Gazette, for early publication.

Enclosure No.

Sir,

With reference to the proposal to widen the road from the Post Office via Town Magistrate's Court and Mr. Hardakar's house to meet the Sayaji Rao Road, I have the honor to submit an estimate for the acquisition of the three properties involved This proposal is in the area where we are constructing drains in No.III Drainage area, and has not been originally ~~originally~~ estimated for by the undersigned under orders of the Sub-Committee If the proposal is approved, notification of the properties is required to enable timely acquisition, unless parties readily consent to part with them.

The improvement achieved would be to make a road much frequented by carts and carriages going to the Railway Station, of uniform and convenient width. The width now opposite

opposite these three properties, is restricted and detracts from the convenience and appearance of the road.

A plan showing what is proposed, is herewith submitted.

Portion of property No.7 is included in the proposed road; but this has already been notified in connection with the proposed lane behind, which would not be required.

I have &c.,

J.E.A.D'Cruz,
Executive Engineer.
